

VALUED BY CARNEGIE.

Workmen's Letter More to Him Than If from Rulers.

Ishpeming, Mich., Sept. 30.—Andrew Carnegie, in a letter of thanks from Skibo Castle, acknowledging the receipt of a resolution adopted by the Marquette range employees of the steel corporation's Oliver Iron Mining Company, says:

"I prize the autographs of the men more than if they had been from the rulers of the world. I feel very close to those who labored with us and for us, and to whom we are so much indebted for our success. Men and employers have only to know each other well, and look at both sides of all differences to insure mutual regard."

The resolutions conveyed the thanks and gratitude of the men for the good Mr. Carnegie had done their fellow-workmen and their families through the relief fund established by him.

A WONDERFUL OFFER

We want to do our utmost to convince all sufferers from kidney and bladder troubles, as we are convinced, that Dr. Kennedy's Cal-cura Solvent will cure these dangerous troubles.

Cal-cura Solvent's wonderful power to cure diseases of the kidneys and bladder is the happy result of the efforts of that skilled physician and surgeon, Dr. David Kennedy, to make a medicine that would dissolve and expel from the system stones, gravel and uric acid. In this way, Cal-cura Solvent not only cures the disease but also removes all irritating causes. It is not a patent medicine, but a prescription used by Dr. Kennedy in his large private practice with unfailing success. To show our great confidence in this scientific remedy, we make this wonderful offer—to return your money if it does not cure. Try it at our expense; it will make you well. Write The Cal-cura Co., Kingston, N. Y., for a free treatment bottle.

Dyspepsia

Don't think you can cure your dyspepsia in any other way than by strengthening and toning your stomach.

That is weak and incapable of performing its functions, probably because you have imposed upon it in one way or another over and over again.

You should take

Hood's Sarsaparilla

It strengthens and tones the stomach, and permanently cures dyspepsia and all stomach troubles. Accept no substitute.

TOO MUCH FOR BOSTON

Tigers Hit Gibson Opportunely Yesterday.

WINNING GAME, 4 TO 1

Freeman's Work on First Base Was Particularly Poor — Mullen Pitched Good Game for the Visitors.

Boston, Sept. 30.—The home team played a miserable game in the field yesterday afternoon and lost to Detroit, 4 to 1. Gibson and Mullen were opponents in the box, and were both hit rather hard. But the swipes off Gibson came so much in clusters that Boston was run off its feet. The home team made four errors, Freeman being largely responsible for them. But they did not account for the defeat. There were less than 2,500 people to see the game.

Boston got its only score in the second inning. Burckett got a pass to the first station. Freeman and Selbach went out, but O'Leary fumbled Ferris' shot. Criger singled, and Burckett went over the rubber for the first, last and only score for the whilom Champions.

The Tigers tied in the fourth. Cobb struck out and then Stahl failed to connect with Coughlin's fly. Freeman dropped Unglaub's throw on O'Leary's grounder. Warner hit one too hot for Ferris and the corners were full. Then Mullen bled to Burckett, and on the out Coughlin scored.

That's the way the score remained up to the ninth inning. Then with one out Warner was walked. Mullen was safe on a slow one to Ferris, Warner going to second. McIntyre laced out a double and Warner went in. Lindsay contributed another double and Mullen and McIntyre finished the circuit. Unglaub took Schaefer's pop and Stahl held Crawford's fly. Boston's final attempt was weak. Parent and Stahl fanned. Unglaub singled but was forced by Burckett.

American League Games Yesterday.

ARCANUM IS WINNER.

Canadian Decision Which Will Uphold New Rates.

Boston, Sept. 30.—W. O. Robson, supreme secretary of the Royal Arcanum, received a telegram from Hamilton, Ont., announcing that the case of Bartram against the supreme council had been decided in favor of the Royal Arcanum. Bartram is an attorney and for himself and others petitioned the court for an injunction to prevent the supreme council from putting the new rates into effect, claiming that the change of the method of assessment from assessed ages to attained ages, and the alleged intention to accumulate a reserve fund, was a violation of the contract.

At the trial of the case at London, Ont., last week, elaborate citations were made from decisions of the Canadian and English courts to show that the supreme council was acting within its authority, and that there had been numerous precedents established for such action. The court, after a week's consideration, dismissed Bartram's petition with costs.

DID NOT PRESS IT.

Resolution Before Episcopal Body on Insurance Case.

New York, Sept. 30.—Unexpectedly, 10 minutes before the adjournment of the convention of the New York diocese of the Episcopal church, a resolution was offered by the Rev. John M. Chew of the Church of the Good Shepherd which touched upon recent insurance revelations.

This resolution was offered five minutes after J. Pierpont Morgan left the synod hall. It was not seconded and not even considered by the convention.

Bishop Potter, who was presiding, frowned all through the reading of the resolution, and at the close suggested to the Rev. Dr. Chew that he take some paternal advice from him and not press his resolution until after the case had been fully tried by the authorities who were sitting in judgment on life insurance companies.

The introduction of the resolution caused a sensation in the synod hall, and the deputies listened in silence to the caustic and sarcastic arraignment by Dr. Chew of business men who dabble in high finance and yet are respected by the church, although their practices are those of deception and infidelity.

The introduction of the resolutions caused considerable talk after the close of the convention. The clergy of most of the parishes out of the city thought it should have been acted upon, and the church placed on record in the matter, but the clergy of the New York city parishes were inclined to regret the occurrence.

LABOR'S OWN BANK.

First Steps Taken in Chicago to Handle Union Funds.

Chicago, Ill., Sept. 30.—Organized labor is planning to have a Chicago bank. The Commonwealth Trust & Savings Bank has been chartered by the state, and directors are to be elected next week.

The institution is the result of the assistance given the Chicago Employers' Association by some Chicago banks during the teamsters' strike. At that time labor leaders determined to establish a financial institution that would handle union funds and the savings of union members.

The bank proposed for Chicago is the beginning of a chain of union labor banks which labor leaders hope will cover the country some day. The par value of the shares will be \$5 each. The capitalization is to be \$2,000,000.

SOUTH AFRICAN CYCLONE DESTROYS MALMESBURY

Town of 3,000 Inhabitants, Not Far from Cape Town, in Ruins—

A Number Killed.

Cape Town, Cape Colony, Sept. 30.—A cyclone Thursday night struck Malmesbury, a town of 3,000 inhabitants, situated 35 miles from here, and reduced it to ruins. A number of persons were killed.

AS IF CROWNED HEAD.

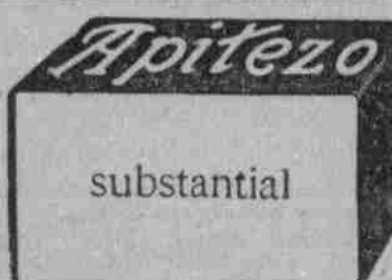

Kaiser Treated Serge Witte With Unusual Honors.

Berlin, Sept. 30.—The National Zeitung's St. Petersburg correspondent has telegraphed to his paper as follows:

"Mr. Witte told me today that Emperor William said to him:

"I accord you the same honor as I would to a crowned head. You have accomplished extraordinary things, and I congratulate Russia on the possession of such a man. If monarchs had many such true servants then one would think better of monarchs."

The German emperor was described by Mr. Witte as most animated and kind.

To THE People of Barre and Vicinity

This Winter there will be introduced into the legislatures of several states bills to regulate the sale of proprietary remedies which contain alcohol and poisonous drugs, such as morphine, chloral, cocaine, ether, sulphuric acid, etc.

Some of these bills will provide only for the publication of the formulas, while others will be more drastic. A bill will go before the Pennsylvania legislature providing that no person shall sell or offer for sale any patent or proprietary medicine which contains alcohol, and which is intended for internal use, except upon the personal prescription of a regularly registered physician, naming specifically the particular medicine prescribed.

None of these bills will affect Magee's Emulsion. We urge the fullest investigation by the public and court the most drastic legislation. Magee's Emulsion contains no Alcohol, Morphine, Chloral, Cocaine, Ether, Ether Oil, Sulphuric Acid or any poisonous or injurious drug. Nothing enters into it but pure Cod Liver Oil, Malt Extract (non-alcoholic), Hypophosphites of Lime and Soda, and a little Wintergreen Flavoring.

Magee's Emulsion is a builder—not a destroyer. It is for Bronchial and Pulmonary Affections, General Debility and Anaemia. It builds up the tissues, enriches the blood and makes bone and muscle. Sold by

NEARLY WENT TO WAR.

Over Miss Alice Roosevelt in Philippines.

JEWELS VALUED AT \$1500

Presented by Rival Filipino Chieftains Who Almost Clash When They Give Her Presents.

San Francisco, Sept. 30.—A matchless pearl set in a ring worn by the Sultan of Sulu was presented to Miss Alice Roosevelt by the potentate at Malabang, P. I., and he made the presentation because he thought he had been outdone in courtesy by a rival tribal ruler.

The Sultan tore the ring from his finger and offered it to Miss Roosevelt. Her refusal would have meant offense to the Oriental monarch, so she gratefully accepted the gift.

Members of the Taft party who have just arrived here tell of the incident and add that the daughter of the president almost became the innocent cause of a tribal war. When the Taft party arrived at Malabang the Sultan took great care that the party was properly entertained. The tribesmen gave an exhibition of sports and games and the Sultan was dressed for the occasion in a suit of American clothes.

In the evening he appeared in his full royal regalia and presented Miss Roosevelt with several splendidly jeweled bolos, spears and kris'es. Miss Roosevelt seemed greatly pleased.

Then came Jokanin, a rival chieftain, and with much ceremony offered a string of pearls as his gift. The gift of Jokanin seemed to please Miss Roosevelt more than the spears and bolos, and she danced away to show the pearls to her friends.

The Sultan fairly snarled at his rival and strode to Miss Roosevelt. He made a low obeisance and then offered the gold circle that he had taken from his finger. Miss Roosevelt's smiles seemed to brush away his rage, for he cast a sidelong glance of superiority at the hated Jokanin.

Missionary Meeting in Bennington.

The 33rd annual meeting of the Vermont branch of the Women's Board of Missions was held at the Second Congregational church in Bennington Wednesday, concluding with a public meeting in the evening. About sixty delegates were present. The officers elected were as follows: President, Mrs. Henry Fairbanks, of St. Johnsbury; first vice president, Mrs. J. C. Barstow, of Manchester; vice president for Chittenden county, Miss Anna Johnson, of Burlington; recording secretary, Mrs. L. H. Elliott, of Waterbury; home secretary, Mrs. M. H. Duckham, of Burlington; foreign secretary, Miss Mary C. Torrey, of Burlington; treasurer, Mrs. C. H. Stevens, of St. Johnsbury; auditor, Walter V. Smith, of St. Johnsbury.

The next meeting will be held in Swanton.

WELCOMED TO ST. ALBANS.

Rev. and Mrs. W. Parkyn Jackson Tendered a Reception.

Barre and East Barre people will be interested to read of the reception tendered the Rev. and Mrs. W. Parkyn Jackson by the people of St. Albans, on their going to that city to reside. Mr. Jackson having assumed the duties of pastor of the St. Albans Congregational church. The St. Albans Messenger says:

"The Rev. W. P. Jackson, who recently came to this city to assume the duties of pastor of the Congregational church, and Mrs. Jackson were tendered a reception last (Wednesday) evening at the chapel where they were welcomed to the city by a large number of persons, many of whom were members of other denominations, including all the pastors who were in the city."

"Everything possible had been done to render the chapel attractive and those persons who had the matter in charge were the most happy in the result, for the room never presented a prettier appearance. Large palms and huge bouquets of golden glow in hand-some jardinières were arranged about the chapel and the window seats were filled with palms. The refreshment table was set in the dining room and the decorations here consisted of a centerpiece of red geraniums with asparagus vines gracefully twined about the table, which was lighted with silver candlesticks, the candles having red shades. The whole effect was most pleasing."

"Mr. and Mrs. Jackson were introduced to the guests by Mr. and Mrs. Homer E. Bentley. Miss Gertrude Fonda poured the tea, and Mrs. H. L. Reynolds and Mrs. A. L. Dutcher poured the coffee. The young women who served were Miss Kate G. Cummings, Miss L. Adelle Twitcheell, Miss Iva A. Hayward, Miss Margaret Lang and Miss Bessie L. Mor-

ton. During the evening Ryan's orchestra played and this part of the programme added a pleasing feature to an affair which was a marked success in every particular."

STARTS NEW INDUSTRY.

Bristol Will Manufacture Brush Blocks and Wagon Fellos.

Bristol, Sept. 30.—F. G. Levan has begun work on a building 24x40 feet, to be located south of his saw mill on Mountain avenue, for use as a manufactory for brush blocks and wagon fellos. He has purchased the machinery necessary and expects to employ eight or ten persons at the start. Cassius Dumas, who will be manager, has had several years' experience in making brush blocks and is confident the new industry will be a success. In fact, Mr. Levan already has a standing offer from a brush maker to take all the blocks he can make. This concern will use beech, maple, yellow and white birch. These woods are not used to much extent by the other manufacturing plants here. It is the intention of Mr. Levan to get his new industry in running order by November 1.

Charles E. Taylor, a native of Rutland, now of Omaha, Neb., with J. E. Markel, president of the National Hotel Co., with which Mr. Taylor is also connected, has gone to Panama, where the hotel company is to operate a system of hotels and commissaries. This is for the benefit of the workers on the isthmus. Two hotels have already been erected and are in operation and six more will be rapidly pushed to completion. Mr. Taylor is manager of a system of hotels numbering about fifty, which are operated by his company with main offices in Omaha.

WINCHESTER

Rifles For All Kinds of Hunting.

Winchester rifles are not the choice of any one special class, but of all intelligent sportsmen who go to the woods, the plains, or the mountains in quest of game. They are designed to handle all calibers and types of cartridges, to meet the requirements of all kinds of shooting, and can always be counted on to shoot where they are pointed when the trigger is pulled. Winchester rifles and Winchester cartridges are made for one another.
